

READ ME FIRST

This is the second edition of this booklet. We found a few typos that I'd overlooked the first time around.

However, in exporting this version the layout didn't translate properly, so for optimal viewing efficiency it's suggested that you view this in "Two Page" view.

I'm not sure how to do this in Adobe Acrobat Reader, but it's probably similar to how it's done in Apple's Preview, which is thus:

With the document open, click on View in the Menu Bar at the top of your screen and select "Two Pages" which is about halfway down the list. Voila!

Thank you.
